CASA believes it takes a community effort to protect our children and change a child's story. A Court Appointed Special Advocate (CASA) is a specially trained advocate who is trained to know what is in the child's best interest and how to get those interests met by the system. We are passionate about providing every foster child a CASA who will be a voice for and protect a child's right to be safe, to be treated with dignity and respect, and to learn and grow in the security of a loving family.
